Hardy Deciduous Flowering Shrubs

Forest and Shade Trees

Vines and Creepers

Hardwood Cuttings

Conifers

Broad-leaved Evergreens

FOREST
NURSERY
COMPANY
INCORPORATED

J. R. Boyd, President

ESTABLISHED 1887 BY J. H. H. BOYD

TELEPHONE 234W

McMINNVILLE • TENNESSEE

To All Our Friends and Customers:

May we take this opportunity to inform all of our customers of the past and potential customers of the future that we have just recently completed construction and moved into our new offices and storage located on the site of our main nursery, two miles southeast of McMinnville on Highway 56.

This move was made toward the sole end of furnishing all our customers, old, new, large and small, with prompt and efficient service of first-class nursery stock which we believe will be second to none. Heretofore we have been laboring under rather expensive and somewhat inefficient circumstances in that our offices and storage were located some distance from our nurseries.

In the construction of our new storage we have incorporated ideas accumulated through the 62 years our nursery has existed in order that any stock you might purchase from us in the future will be sure to reach you in excellent condition.

The main storage is completely frostproof, being constructed partially underground, with 12-inch super-rock blocks making the outside wall. This block is made of a processed slag from the steel mills and is certified by Underwriters Laboratory to be many times more resistant to heat and cold transmission than is a concrete block, brick or concrete wall (and, believe it or not, fellow nurserymen, we do experience sub-zero weather down here annually).

The roof consists of a complete covering of 4-ft. x 8-ft. x 1 $\frac{5}{8}$ -in. sheets of compressed asbestos boards. These boards are compressed to the desired thickness under terrific pressure and have a very high insulation quality. This surface was then covered with a 7-ply built-up roof.

No windows were included in the main storage rooms, thus eliminating the possibility of damage by direct light rays on dormant material.

We have told you of the material and some of the ideas employed in the construction of this new storage for a specific reason—that being that we want all to know the thought evermost in our mind is to better our entire operation wherever and whenever possible so that we might serve you—our customer—better.

Please know that you are always welcome at our nursery and that we will appreciate the privilege of quoting on all your wants.

FOREST NURSERY CO., INC.
McMinnville, Tennessee

TO THE NURSERY TRADE

In presenting you with our regular Fall Wholesale Trade List for this season we wish to thank our customers and friends for the liberal patronage given us in the past, and we hope to have the pleasure of serving you more in the future.

TERMS AND CONDITIONS: Three (3) per cent discount and free boxing and packing for cash with order. Free packing does not apply to balled and burlapped items. Open Accounts (on known or approved credit rating), two (2) per cent ten days; one (1) per cent twenty days; net thirty days from date of shipment. Interest at six (6) per cent charged on all past-due accounts.

Orders for less than ten of a variety or grade will be invoiced at an ADVANCE OF 25% OVER THE TEN RATE REGARDLESS OF THE SIZE OF THE ORDER, except in Broad-leaved Evergreens, where the "Per Each" and "Per 10" rates apply.

Prices in this list are subject to market changes without notice and cancel all previous printed prices.

We charge for boxing and baling at cost of material used. When stock is loaded in bulk in car or truck, no packing charge is made. Orders accepted subject to prior sale of stock or crop injury or loss from any cause beyond our control. We are careful to keep varieties true to name as labeled, and we will replace, upon proper proof, any stock that may prove otherwise, free of charge, or refund the amount paid us, but it is mutually agreed that we shall not be liable for any amount greater than the purchase price paid us. No claims will be considered unless made in writing within ten days after receipt of goods.

SHIPPING—We request our customers to give definite shipping instructions regarding manner in which they wish goods shipped. In the absence of special instructions, we use our best judgment, but without assuming responsibility. All shipments travel at risk and expense of purchaser. All

shipments will be accompanied by State Certificate of Inspection.

TRUCK SERVICE—We are in a position to make deliveries with our own truck and also have access to some local delivery trucks for hire and can make deliveries unless prevented by Federal or State regulation laws.

If interested in truckload delivery, write us and we will try to make arrangements.

LOCATION—McMinnville is located in Middle Tennessee on N. C. & St. L. railroad, 72 miles East of Nashville, 130 miles West of Knoxville on U. S. Highway No. 70S (the Broadway of America), 80 miles Northwest of Chattanooga on State Highways Nos. 55 and 56 and 100 miles Northeast of Huntsville, Alabama.

REFERENCE—Any bank or business house in McMinnville, the Commercial Agencies or any of the leading nurserymen in the United States.

We will be glad to send sample for approval on any items on orders booked. Due to the extra cost of material at this time, we will not send samples until we have an order for the stock subject to approval of the sample, which will be sent free on Shrubs and Trees except for transportation charges. B&B Evergreens will be charged for at the regular prices on the order.

COLLECTED EVERGREENS

We suggest you place orders for evergreens in advance, giving us sufficient time to have them collected at shipping time when weather is favorable for collecting. This type of stock should be shipped and planted promptly, as it does not keep well in storage. We will quote special prices in lots of 5,000 or more of any item offered. Shipment should be made by express.
